## Step 1

It's easier to assemble if you begin with hanging the pendant on the ceiling hook.  
Adjust the cable for desired height.

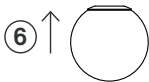

## Step 2

The plate comes with seven arms where each shade will be attached. Begin with inserting the plate in place and lock it.

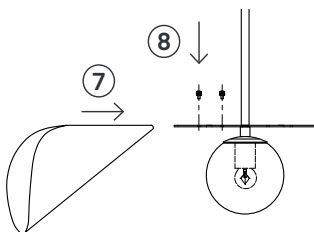

## Step 3

Make sure you have the correct bulb (E27 Max 40W).  
Gently screw the bulb into the socket by using a clockwise motion.

Place the glass shade through the bulb and screw it on place. Make sure it's fastened before letting go of the lamp.

## Step 4

Softly fold the banana fibre shades upwards. Secure each shade with the including screws. Repeat until all seven shades are in place.

## Cleaning instructions

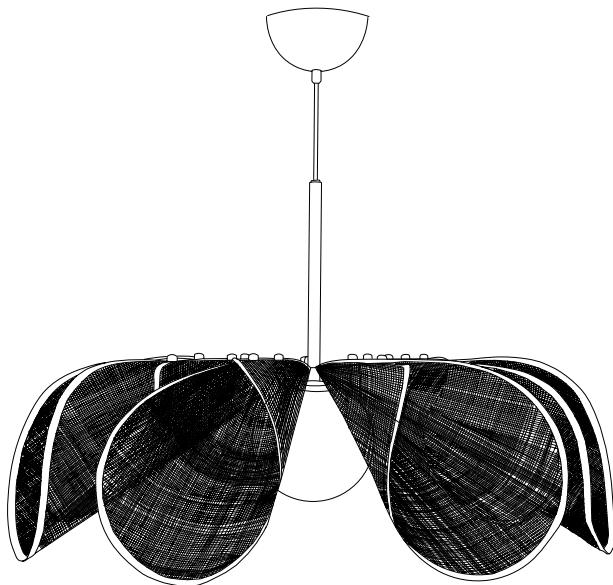

Product may be cleaned only after it has been switched off and cooled down.

Prevent moisture from getting to the lamp connections or power supplying elements.

Wipe the surface with a soft, damp sponge or cloth and wipe immediately with a dry cloth.

We do not recommend cleaning agents as they can cause staining.

Do not wash glass shade in dishwasher. After cleaning, the lamp should be left off until it dries completely.

Our project "Styrka" is about strength and its various guises. The creative strength, the strength that comes from family, and the strength of true love. We want to celebrate the female strength, the force within every woman. The shape of the lamp represents the female force, blossoming to a powerful form while spreading light to its surroundings.

Love, Anja & Filippa
